Committee on Evaluation of Chairs & Directors (CECD)
Report for 2013-2014

- CECD committee members (2013-2014): Elizabeth Asiedu, Cindy Berrie, Muriel Cohan, John Derby, Pam Gordon, Anne Hedeman, Bill Staples (chair) and Fusao Takusagawa.

- The CECD met on Thursday, September 25, 2014 to select a committee chair, discuss the chair evaluation process and assign primary and secondary reviewers for each individual under consideration. The committee selected Bill Staples as chair.

- The CECD conducted a formal review of two unit chairs and three unit directors whose terms of appointment would expire after the Spring 2014 semester and who had indicated to the Dean a desire to be considered for reappointment or, if stepping down, a desire for an exit review.

- An anonymous online questionnaire was made available separately to faculty, staff and graduate students in the chair’s/director’s units. The questionnaires were specifically tailored to the group completing them and also allowed for written comments. After the questionnaires’ results were compiled, they were made available via Blackboard to the CECD. In early December, the CECD met with individuals who responded positively to an invitation to address the committee regarding the performance of their chair/director.

- Based on the anonymous online questionnaires, the meetings with department representatives and a period of discussion among the CECD members, the CECD reported their findings and recommendations in writing to the Dean during mid-December 2013.

Submitted by Bill Staples
2013-2014 CECD Chair
